

SPANVALL BROILER BEDDING

Spanvall BROILER BEDDING is a mixture of wood shavings and plant fibre. The particle size is a unique composition and the product has been sieved several times in order to obtain an optimal absorption ability.

PRODUCT DESCRIPTION

The product contains a controlled degree of humidity. Packed in big bales of 6000 liter/6 m³. Delivered on new one-way pallets.

HOW TO USE

Clean and disinfect the houses. Spread the product in the house approx. 24 hours before the new batch of chickens is installed. Make sure that the house is preheated thus the floor temperature is minimum 28 degrees Celsius. The product will then dry when the new batch of chickens is installed and the humidity is emitted to the air.

The humidity increases radically and results in ideal climate conditions. Spread approx. 1 kg per m² corresponding to 1 big bale per. 1000 m². Increase the dosage during the winter time. The product does not create any crust which means that further treatment of the bedding is unnecessary.

ADVANTAGES

- No encrustation
- Heavy pad scorch reduction
- Approved as ecological bedding
- 100% dust-free material
- High absorption of ammonia (10 x its own weight)
- Low PH value = low growth of bacteria
- High absorbency capacity
- Ensure optimal humidity when inserting a new batch of chicken
- Easy to spread
- Good bearing strength
- High animal welfare

BROILER CLIMATE SETTINGS

Age days	Temperature Celsius	Maximum humidity	Minimum ventilation M ³ /h/10.000 broilers (co ²)
0	34-35	50%	600 (2000)
7	30	50%	1700 (2000)
14	28	55%	3600 (2500)
21	26	55%	6000 (3000)
28	23	60%	8000 (3000)
35	21	65%	10.000 (3000)
42	19	65%	12.000 (3000)

Preheat the floor to minimum 28 degrees, before spreading the bedding material.

TECHNICAL DATA - SMALL BALES 34 KG

	Material: Wood shavings mixed with plant fibre	Bale size (LxWxH) 62 x 42 x 38 cm	Pallet size (LxWxH) 100 x 120 x 240 cm
Product name BROILER BEDDING	Structure -	No. each pallet 35 bales	Pallet type New one-way pallets
Liter 225	Kg/bale 34 kg +/- 10 %	No. of pallets/truckload 21 pallets	No. of pallets per 40" HC container 20 pallets

TECHNICAL DATA - BIG BALE 1000 KG

	Material: Wood shavings mixed with plant fibre	Big bale size (LxWxH) 95 x 115 x 240 cm	Pallet size (LxWxH) 95 x 115 x 240 cm
Product name BROILER BEDDING	Structure -	No. each pallet 1 big bale	Pallet type New one-way pallets
Liter 6000	Kg/big bale 1000 kg +/- 10 %	No. of pallets/truckload 26 pallets	No. of pallets per 40" HC container 24 pallets
